EC1 to Resume Panama Canal Routing

Dear Valued Customers,

ONE is pleased to announce that the EC1 will reinstate the Panama Canal to schedule. This change will go into effect with the HMM AMETHYST 001 E/W (Departed Pusan on 4/24, ETA Panama Canal: 05/09) and remain until further notice.

This transition marks the return of all three ONE Panama service lanes routing via the Panama Canal rather than the Cape of Good Hope.

For your convenience, a summary of North American East Coast services is included below:

Lane	Original Routing	Current Routing Plan
EC1	Panama Canal	Panama Canal
EC2	Panama Canal	Panama Canal
EC4	Suez Canal	Temporary Suspension
EC5	Suez Canal	Cape of Good Hope
EC6	Panama Canal	Panama Canal
WIN	Suez Canal	Cape of Good Hope

[ONE Panama Canal Vessel Tracking sheet](#) will no longer be updated after June 2024. For vessel information, please check our [Search Schedule page](#).

Sincerely,
Ocean Network Express (North America) Inc.
