Audit Program

The audit began with an opening meeting. The discussion covered the scope and purpose of the audit, the audit schedule and process, and the escort responsibilities. The audit was performed in accordance with ABS procedures and as authorized under the above scope. The ABS audit team gathered objective evidence of compliance through the observation of daily activities, interviews of crew members, and the sampling of pertinent records on board the ship. This information was compared to the existing policies and procedures of the company and the requirements of the ISM Code to determine the levels of compliance obtained. The Audit Plan depicts the departments audited and clauses against which they were assessed.

The audit ended with a closing meeting. The discussion included a review of the activities carried out, presentation of the non-conformances (if any), and review of the notable Observations made during the course of the audit.

A copy of the preliminary report, non-conformances and audit observations, if any, were left with the ship's Master at the conclusion of the audit. The final report supersedes the preliminary.

NOTE: This report evidences that the survey reported herein was carried out in compliance with one or more of the Rules, guides, standards or other criteria of the American Bureau of Shipping and is issued solely for the use of the Bureau, its committees, its clients or other authorized entities. This Report is a representation only that the vessel, structure, item of material equipment, machinery or any other item covered by this Report has been examined for compliance with, or has met one or more of the Rules, guides, standards or other criteria of American Bureau of Shipping. The validity, applicability and interpretation of this Report is governed by the Rules and standards of American Bureau of Shipping who shall remain the sole judge thereof. Nothing contained in this Report or in any notation made in contemplation of this Report shall be deemed to relieve any designer, builder, owner, manufacturer, seller, supplier, repairer, operator or other entity of any warranty express or implied. This audit report must be retained, by the company, for a period not less than five years and must be made available to ABS auditor(s) upon request.

Assessment Remarks

Opening Meeting Date 15-Mar-2021

Closing Meeting Date 16-Mar-2021

General

Interim ISM audit was carried out as request related to vessel new delivery from shipyard.
At the time of this audit, vessel was at Zhoushan Tsuneishi shipyard under preparation for sea.
Marshall Islands flag administration special requirement was verified.
This vessel is Bulk Carrier, and managed by ISM SHIP MANAGEMENT PTE LTD
Declaration of Company/DPA were submitted to Marshall Islands flag administration, records were verified on board.

The following were verified during this audit:

1. Vessel's class and statutory certificates was checked on 16 March 2021, found to be in order. Valid company DOC with its endorsement issued by ABS, valid until 29 June 2021, covering vessel's type Other Cargo Ship—Container Carrier was verified on board.
2. Company's management manual in hard copy written in English was verified on board.
3. Crew complement was compliance with the requirements of Minimum safe manning certificate. Sampling of crew licenses /documents found vessel was manned with certified/qualified/ medical fitness seafarers.
4. DPA and ADPA contact details were posted at common area. Interviewed with ship's crew, revealed that they were aware of DPA's role and contact information.
5. Muster list specified ship's personal duties on fire /abandon ship has been posted at public area. Abandon ship and fire drills were carried out on 14 March 2021, records were verified.
6. Shipboard familiarization training was carried out on 14 March 2021, record was verifiable.
7. Emergency drill schedule covering identified potential emergency shipboard situations has been prepared. Company emergency response Team is organized, contact details were available.
8. Master and senior officers are generally familiar with SMS and the planning of its implementation through safety training/drill/exercise and internal audit.
9. Crew members are from China, communication among ship's personnel was found effectively.
10. Relevant nautical publications and flag administration circulars (RLM-300) were checked randomly, found to be in order.
11. Internal audit has been scheduled to be conducted within three months.
12. Walk about the ship was carried out during this audit, no obvious defect was found.
13. Company's Safety, Quality and Environment protection policy signed by company General Manager was posted at common area for crew reference.

At the end of this audit, Interim SMC valid until 15 September 2021 was issued on behalf of flag administration.
