US East Coast Operations **Vessel Coastal Schedule Update - 9/23**

(Revisions made September 23, 2024 highlighted below).

Dear Valued Customers,

As an update to our [Customer Advisory #1](#), Ocean Network Express (ONE) intends to mitigate potential impact to your cargo in light of the anticipated disruption to East and Gulf Coast services starting Tuesday, October 1, 2024.

As a reminder, ONE encourages customers to pick up their import cargo prior to September 30, 2024. Ports are advising reefers may or may not be monitored while ports are closed during the port disruption. (Attached website link for weekend gate availability information)

Vessel Schedule Updates

ONE is making all efforts to avoid disruptions to our current vessel cargo. In order to ensure timely offloading of cargo prior to the shutdown, ONE has made the following vessel adjustments.

For NA Import, cargo originally booked to discharge at omitted ports will discharge at an alternate port as per following chart. ONE will make an effort to conclude movement to any inland locations. ONE highly recommends picking up the cargo at alternate discharging ports prior to October 1, 2024. ONE will not access a COD fee for cargo picked up at the alternate port of discharge for the vessels below.

For NA Export, cargo originally booked to the below vessels for the ports which are omitted will be shifted to other services calling the port prior to strike action if possible. If it is not possible, bookings will be rolled to the next vessel in the service to which it is currently booked. Revised booking confirmations will be sent for affected cargo.

ONE is closely monitoring developments and will provide updates to ensure you remain informed of any changes to your booking.

Vessels changes due to potential disruption (Last update September 23, 2024):
