US East & Gulf Coast Operations

Vessel Coastal Schedule Update - 10/1

(Update October 1, 2024 highlighted below).

Please carefully review the update of the vessel schedule table below. There are several changes for omitted ports and alternate discharging ports from our previous advisory on 9/27.

Dear Valued Customers,

As an update to our [Customer Advisory #1](#), Ocean Network Express (ONE) intends to mitigate potential impact to your cargo in light of the anticipated disruption to East and Gulf Coast services starting Tuesday, October 1, 2024.

Vessel Schedule Updates

ONE is making all efforts to avoid disruptions to our current vessel cargo. In order to ensure timely offloading of cargo prior to the shutdown, ONE has made the following vessel adjustments.

For NA Import, cargo originally booked to discharge at omitted ports will discharge at an alternate port as per following chart. ONE will make an effort to conclude movement to any inland locations. ONE highly recommends picking up the cargo at alternate discharging ports prior to October 1, 2024. ONE will not access a COD fee for cargo picked up at the alternate port of discharge for the vessels below.

For NA Export, cargo originally booked to the below vessels for the ports which are omitted will be shifted to other services calling the port prior to strike action if possible. If it is not possible, bookings will be rolled to the next vessel in the service to which it is currently booked. Revised booking confirmations will be sent for affected cargo.

ONE is closely monitoring developments and will provide updates to ensure you remain informed of any changes to your booking.

Vessel changes due to potential disruption (Last update October 1, 2024):

Service	Vessel Name Voyage Number	Omitted Port	Import Alternate Port to Discharge	ETA at Alternate port
AL3	POTOMAC EXPRESS 0030W / 0030E	Savannah	Norfolk	09/28
