Canadian Rail Delays Due to Wildfire Update #1

Dear Valued Customers,

As an update to our previously released [advisory](#), both CN and CPKC tracks have reopened for all cargo in and out of the Port of Vancouver. Inland gate receiving may be affected; please check with CN or CPKC on the current status.

Possible delays may occur as they work through the backlog.

We are closely monitoring developments and will provide updates to ensure you remain informed of any changes to your service.

Sincerely,
Ocean Network Express (North America) Inc.
